The Honorable John Ashcroft

950 Pennsylvania Avenue
Washington, DC 20530-0001

Dear Attorney General Ashcroft:

Let the United States government, top to bottom explain why it murdered, tortured Ruth Elvada Denniston Blevins to death, and did so over a period of more than nine years, and you will have your answer to what is really the basic problem with the governments and public institutions of these United States of America.

Allow me to help: the government murdered Ruth to deliver a message of the power of the so firmly entrenched, subversive government that rules supreme, top to bottom, these United States of America, and that apparently changes not with the changing of administrations: it makes no difference what the person or entity that they target has or has not done. Anyone is fair game.

In our case, this was perpetrated by a lawyer, of which we have some 68,400 in Florida currently, any one of which can do what he did, and the same applies to any lawyer throughout the land, because this, after all, is an illegitimate government operating under a mask of the legitimate one. The legitimate government is of the people, by the people, and for the people: in other words, the virtual opposite of what we have now.

We, too, come that those who have died shall not have died in vain, but unlike some others, we come as we have always come: non-violently, as lambs led to the slaughter.

Sincerely,

Robert F. Blevins

*"I want you to see that they get what's coming to them for what they have done to me."
Convinced she had been murdered, my wife Ruth E. Blevins' death wish and charge to myself Robert F. Blevins, May 6, 1992.
Her death on January 11, 1997, confirmed that she had been murdered. Her murderers still have not gotten what's coming to them.*
